NO. 162

PADUCAH KENTUCKY, FRIDAY EVENING, JULY 7, 1905.

10 CENTS PER WEEK

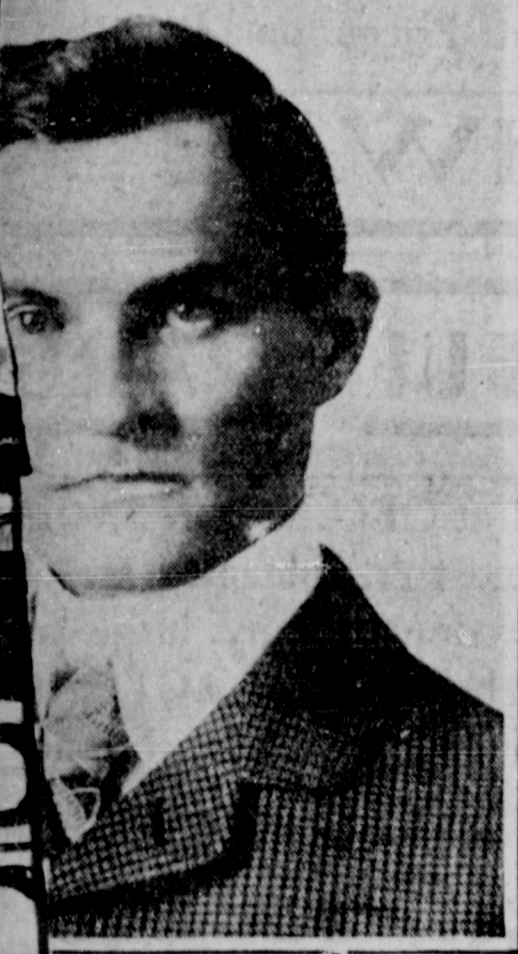

POWERS MAY GET JUSTICE NOW

Transfer His Cause to Federal Sustained Today.

CRANE RENDERS A VERY STRONG OPINION IN THE CASE

to Custody of the Federal Court--Appeal to be Taken.

Judge A. C. Powers, who was three times convicted upon trial in the lower courts, and three times the court of appeals decided that his trial was not regular and fair. Juries were summoned by sheriffs who were in sympathy with the crowd that has persecuted Powers, and it was always fairly well known beforehand what the verdict would be, and the verdict would probably have been the same had there not been half the perjury and incompetence.

CALEB POWERS.

many tent testimony that was admitted against the prisoner. Powers has for five years been without his freedom and the last time his case was reversed his attorneys decided to make an attempt to take the case to the federal court, and former Governor Frank Black, of New York, and Richard Yates, of Illinois, were among the prominent lawyers who volunteered their services free of charge, and have won such a signal victory.

BOXES ON WHARF, HOUSE AND CEMETERY

the property and the matter will have to be taken back to County Judge Lightfoot's court and a value fixed. The judgment has not been filed but will be drawn up this afternoon and filed tomorrow. Judge Reed had reserved his decision in the case until vacation.

AWFUL DEATH.

Submarine Boat on Bottom and Can't Be Raised--Some of the Men Alive.

Paris, July 7.—Late advices in regard to the submarine boat which sank yesterday in Tunis, is to the effect that efforts to raise the vessel have so far been ineffectual. Some of the men in the boat are apparently alive, as they answered signals of the divers this morning by rapping inside the boat.

\$75,000 Blaze in New York.

Panama, N. Y. July 7.—Fire almost wiped out the business section of this town last night. The Panama hotel and postoffice and ten other buildings were destroyed. Loss, twenty-five thousand dollars.

THE FLAG OF REVOLT NOT YET FURLED

Whereabouts of Pirate Battle Ship Only Conjectured.

One Report Is That Theodosia Was Bombarded, But This Is Denied.

LATEST NEWS FROM THE WAR.

Theodosia, Crimea, July 7.—Reports that the Kniaz Potemkin bombarded the town are untrue. Troops are holding the town and keeping order. When the Potemkin left the harbor she followed the British merchant ship.

Town Reported Burning.

London, July 7.—A correspondent of the Mail at Odessa says it is reported there that the Kniaz Potemkin bombarded Theodosia, the town is burning and soldiers of the garrison are engaged in looting. The report says it is also reported that another torpedo boat has joined the mutineers.

Japanese Defeat Reported.

St. Petersburg, July 7.—General Linevitch in a telegram to the emperor dated July 5 and confirming defeat of the Japanese at Sanvitz when a Japanese battalion was annihilated and says after the capture of the position and flight of the latter were reinforced and resumed the fight, but all the attacks were repulsed. The Russians captured considerable quantity of supplies and held the position until ordered to retire. Japanese losses, Linevitch said, are enormous. Many Russians were wounded in such manner as to prove the Japs are using dum dum bullets.

Men and Women to Vote.

St. Petersburg, July 7.—The Novosti this morning prints what it claims to be the actual text of the original draft of Minister of the Interior Boulignin's project for the formation of a representative assembly. The question of election of members to the lower house of the legislative assembly are to be settled not on a basis of property, but on universal suffrage of men and women, the latter voting by proxy. Classes absolutely debarred are Jews, nomadic races, persons not of Russian nationality, governors and other imperial and local administrators and all persons connected with police.

It is provided that disability of the Jew is only continuous until their status shall have been defined by the popular assembly. Persons convicted of crime, etc., are also deprived of suffrage. The emperor possesses the right of absolute veto as well as power to prorogue the assembly. The president of the respective chambers are to be chosen by the emperor and he will have the right to suspend sittings, and interpellation of ministers behind closed doors if reasons of state are pleaded.

The national assembly will control the budget except in case of permanent and national defense appropriations.

This is to be divided into ten committees on finance, rural affairs, industry, education, clergy, administration, justice, war, marine, railroads and budget.

The emperor received a telegram from the people of Tomsk protesting against an address presented by Prince Troubetski and other members of deputation from the all-Russian zemstvo congress. The telegram declares the Russian liberals will only be satisfied with a republic on the American model. The report received by Minister of the Interior Boulignin says intelligences tried to make a demonstration after sending the telegram, but that it was broken up by Cossacks.

Black Sea Fleet Sailed.

St. Petersburg, July 7.—The Black Sea fleet has gone to Theodosia according to advices received by the admiralty.

Dispatches received from Governor Simferopol, who is executing the decree of martial law in Theodosia, said about half the Kniaz Potemkin's crew desire to surrender, but are prevented from doing so by revolutionists.

Only six companies of troops were at Theodosia yesterday but reinforcements, infantry and artillery, have been dispatched from Sebastopol and will probably reach there today. It transpires that the torpedo boat which accompanied the Kniaz Potemkin to Theodosia was not sunk as supposed.

An official report from Gen. Kahnoff, military governor of Odessa, declares there has been the wildest exaggeration regarding the number of casualties resulting from rioting at Odessa gives the following figures:

BUBONIC PLAGUE KILLS 1,000,000 IN SIX MONTHS.

Washington, July 7.—Figures made public today by the Marine Hospital service show that there were 1,100,000 cases of bubonic plague throughout the world during the six months ending May 30, and there were nearly one million deaths from the plague.

JUDGE DILL NOW

FAMOUS LAWYER APPOINTED TO NEW JERSEY BENCH.

He Gives Up a \$300,000 Practice to Take a Three Thousand Dollar Job.

Trenton, N. J., July 7.—Governor Stokes announced the appointment of James B. Dill of Essex county, to be judge of the court of errors and appeals to succeed Judge Voorhees, resigned. Dill has published many books on corporation laws of New Jersey, which are recognized authority, and was consulted and employed in connection with the incorporation in this state of many large syndicates.

Gives Up Princely Practice.

New York, July 7.—James B. Dill has accepted the position of judge of the court of errors and appeals of New Jersey. The World tomorrow will say he surrenders an income of \$300,000 a year from his law practice to become judge with a salary of \$3,000 a year. His last private act was to refuse a retainer of \$25,000 offered by an insurance financier. "Although maintaining residence in New Jersey," says the World, "Dill is considered a New York lawyer. Many great corporations have been his clients." According to a close friend of Dill the steps from the riches of a corporation lawyer to comparatively dignified poverty, have been taken after mature thought, in which recent scandals in high finance and demands made upon lawyers to save wealthy clients from law had a weighty influence.

Four Sets of Twins.

Paris, Ky., July 7.—Berry in Harrison county, comes to the front with perhaps the most prolific family in the state. Mrs. E. W. Walden recently gave birth to twin girls. Her sisters, Mrs. M. Haley, Mrs. E. W. Miller and Mrs. B. Haley, are all the proud mothers of twins.

Filed Articles of Incorporation.

Frankfort, Ky., July 7.—The Paducah Printing and Binding company, filed articles with the secretary of state this morning, capital \$10,000.

Of mob, 49 killed and 74 wounded; of police and troops, one man killed and 20 wounded.

Late Reports Are Vague.

St. Petersburg, July 7.—Up to 3 o'clock this morning no report was received from Theodosia of the arrival of the squadron from Sebastopol and it is not known whether an encounter with the Kniaz Potemkin has taken place.

Late dispatches from Theodosia dated 4:30 o'clock yesterday afternoon, report that the Kniaz Potemkin was cruising off shore in sight of town, but it is possible she may have left the vicinity before the arrival of the squadron. A press dispatch from Sebastopol gives a rumor that the Kniaz Potemkin went seaward late yesterday afternoon. If the squadron arrived before the departure either the surrender of the battleship or a battle occurred is regarded certain, as Admiral Chouk nin, it is believed, would not have dispatched his ship in search of the mutinous vessel unless he was sure there would be no repetition of the Odessa fiasco.

Rumors are in circulation, one of which is that two torpedo boats attacked the Kniaz Potemkin and were sunk by her. Cruiser Chernomoretz, which is due at Sebastopol Monday, and for which considerable anxiety is felt, arrived at Yelita on the south coast of Crimea.

General Linevitch's telegraphic report to the emperor charging the Japanese with using dum dum bullets will probably be made the subject of a communication to the powers protesting against violation of the Geneva convention.

Another Crew of Mutineers.

London, July 7.—A dispatch to the Central News from St. Petersburg says it is reported the crew of the battleship Alexander the Great has joined the mutineers. Another dispatch from Theodosia, Crimea, says that the Potemkin left there last night.

FIRST VIOLENCE IN CAULKERS' STRIKE

Two Men Assault Employees of the Marine Ways.

"Shindigs" Garvey and "Frosty" Morgan Arrested This Afternoon For Malicious Assault.

ALEX McCARTY IS THE VICTIM.

George Garvey and Julian Morgan, two caulkers employed at the Paducah Dry Docks Co., are alleged to have assaulted Fireman Aleck McCarty, of the Paducah Marine Ways Co., and his nephew, Aleck McCarty, Jr., at the ways plant this afternoon shortly after 12 o'clock.

Foreman McCarty is a brother of Councilman J. K. McCarty, and with his nephew, who is a son of Mr. Chas. McCarty, left the ways shortly after the blowing of the 12 o'clock whistle, and started home.

They allege that Garvey and Morgan laid in the grass and when they came by jumped up and assaulted them. Garvey is alleged to have struck Foreman McCarty on the right elbow with a large rock, badly injuring the member, but Morgan seemed to have gotten the worst of the attack he made on the younger McCarty.

After the fight occurred, the McCarty's went to police headquarters and reported the affair. Officer Gus Rogers caught Morgan and Garvey shortly afterwards and placed them in the city jail to await the action of the examining court tomorrow on a malicious assault charge, preferred by the two McCarty boys and Captain Mike Williams, superintendent of the Paducah Marine Ways.

Captain Williams has in addition employed Attorneys Campbell and Campbell to assist the prosecution of the case.

This is the first violence reported as a result of the caulkers' strike. The ways company refused to sign up the agreement with the caulkers permitting them to spin their own oakum, declaring an open shop.

OVER 100 INNOCENT JEWS KILLED AND WOUNDED.

Berlin, July 7.—Prominent Jews have received news of an anti-Semite outbreak in Grodno, Russian Poland. The attack was the result of a bomb outrage unjustly blamed upon the Jews. The bomb was thrown in one of the busy streets of the town killing five policemen and two women.

At the same moment a volley of shots was poured into the police and citizens in the balcony along the streets and soldiers turned loose without the slightest restraint and killed and wounded over a hundred innocent onlookers. The town of Orjef was fired by revolutionists and a massacre of Jews occurred in Beresowka.

ALL IN VAIN

Was That Kansas Fight Against Standard Oil.

Topeka, July 7.—The bill providing for the establishment of a state oil refinery by the state of Kansas is held unconstitutional by the supreme court in an almost unanimous opinion handed down today which declared it to be a work of internal improvement in which the state is specifically forbidden to engage.

Millionaire Suicides.

Winsted, Conn., July 7.—The body of Winthrop Turney, a millionaire owner of a mine in Sonora, Mexico, was found today in a pasture in the town of Colebrook. There was a bullet wound in his head and his hand clasped a revolver. It is supposed that despondency, due to poor health, caused him to commit suicide. He was 40 years old and a graduate of Yale class of 1888.

Plan Big Railway Merger.

Ottawa, Canada, July 7.—A Winnipeg dispatch says that there is a rumor to the effect that a scheme is being engineered by James J. Hill to amalgamate the Grand Trunk, Pacific Canadian, Northern and Great Northern railway systems.

Tom Johnson Mentioned.

Chicago, July 7.—Mayor Tom Johnson, of Cleveland, is being talked of by the municipal ownership enthusiasts as a likely man for president of Mayor Dunne's proposed short cut municipal railway company.

TWO MURDERERS PAY EXTREME PENALTY

Robert Mathley and George Holland Died on Scaffold at Sunrise.

MATHLEY ATTEMPTED SUICIDE BY TEARING FLESH OF WRIST

Holland Died Protesting His Innocence--Both Executions Were Without a Hitch.

Negro Hanged at Hopkinsville. Hopkinsville, Ky., July 7.—Geo. Holland, colored, was hanged at 6:20 this morning. His neck was broken and death was instantaneous. He made a short speech saying he had no more to do with the Pembroke killing than the "Man in the moon."

A strong effort was made to have the governor commute Holland's sentence to life imprisonment.

Holland is one of a party of negroes charged with the murder of an unknown man, killed in the woods near Pembroke. The object of the crime was robbery, the man having displayed a roll of money in the presence of a number of negroes several hours before he was murdered. Holland confessed to complicity in the crime and was sentenced to be hanged.

The court of appeals confirmed the death sentence and just before the day fixed for the execution the governor granted a respite that Holland might be used to testify against the negroes implicated with him. He thus secured a lease on life for several months.

When the news was broken to him Thursday that his last hope was gone, by B. J. Garrett, a colored preacher, Holland did not give way in the least, and even received the news with a slight smile. When asked if he wished to make any statement, he stuck to his story of being innocent of the murder or of knowing anything whatever about it, and also stuck to his charge that the confession made by him on the night of his arrest was obtained by threats of the officers of giving him up to a mob.

The preacher prayed with the condemned man and Holland stated that he was prepared to meet his God. The execution took place in the room in the new jail which is prepared for that purpose, being fitted with trap, etc.

The Pembroke murder, as it is called, was one of the most heinous crimes in the annals of the state. An unknown white man was killed as he slept in the woods and robbed. Eight negroes committed the crime, and all not acquitted received life sentences.

The crime was committed in 1903, and the name of the dead man has never been ascertained. Six of the negroes are serving life sentences and one is still in jail.

ENTIRELY NEW STAFF.

Will Be Selected by Stevens for Panama Engineering Corps.

Washington, July 7.—John F. Stevens, the recently appointed chief engineer of the Panama canal commission, today telegraphed Chairman Shonts that he was much improved in health and would reach Washington the latter part of the week. Before going to the isthmus Mr. Stevens will organize the engineering corps for work there.

The many vacancies in this corps requires practically the selection of an entire new staff.

A Great Engineering Feat.

Brigue, Switzerland, July 7.—Piercing a second tunnel through the Simplon was completed last night and was a great engineering feat.

Hanged For Murder.

Baltimore, July 7.—John Burch, colored, was hanged this morning for the murder of his sweetheart, Lulla McCoy.

Robert Mathley Hanged. Owensboro, Ky., July 7.—Robert Mathley, white, was hanged in the jail yard at sunrise this morning for the murder of Emma Watkins.

His neck was broken and he was pronounced dead in fifteen minutes. Mathley attempted suicide by cutting his left wrist with a nail of his right hand and suffered considerable loss of blood before discovered. He trembled violently while the black cap was being adjusted, and had to be supported.

Mathley's friends contended to the last that he would not hang, and an extra guard was kept about the jail until the execution.

A short time ago a letter was discovered in which Mathley had arranged to get saws and escape and he was placed in a stronger cell.

His crime was an unusually atrocious one, he having shot the woman in cold blood because he was jealous of her. He also shot the man who was his rival.

Mathley's desperate attempt at suicide was in the presence of the death watch during the last hours of the night. Mathley was hanged in the presence of fifty persons and in sight of several hundred others. The drop fell at 4:46 and life was extinct at 5:01.

Mathley's attempt at suicide was not discovered until the officers went to the cell to awaken him. Then it was noticed that the bed covering was stained with blood.

Mathley refused to answer when called a second time and it was feared he was dead. When finally aroused it was found that he had attempted to tear the flesh away and sever an artery with his nails. A jagged hole had been made through the skin about half an inch long. Mathley declared he did not know how it was done or what caused the wound.

TWO MONTHS' HONEYMOON

Terminated By Attempted Murder and Suicide at New Orleans.

New Orleans, July 7.—Ending a two months' honeymoon, John L. Flynn, a Mississippian, has made a desperate attempt to murder his young bride at Kaplan, La., and then suicided. Flynn was employed by a large cotton house here.

In May last C. F. Hudson, an aged Confederate veteran of Greely, Col., arrived here with his daughter, Miss Virginia Hudson, a handsome young woman, to meet Flynn by appointment. On May 27 the couple were married in a boarding house and the father returned to his home. Subsequently the young couple went to Kaplan, where apparently they lived happily until yesterday. Flynn fired two shots at his wife and then blew his brains out.

Today's Schedule.

Henderson at Paducah.
Hopkinsville at Cairo.
Vincennes at Princeton.

There was no game at Wallace park yesterday between Paducah and Hopkinsville, a drizzling rain falling at 3:45, the time for starting the game.

The umpire is not allowed to call play if it is raining at the time set for the game to begin, and Manager Harry Lloyd thinking the rain would not cease, decided to postpone the contest, which was done.

It was Simpkin's day to pitch for the Lunatics and Brahe's for Paducah and Brahe will be worked this afternoon against Big Bill Asher, of the Hens. The Henderson club arrived from Cairo this morning for three games. Princeton follows, and then Vincennes.

Infants Won Final Game.

Vincennes, July 7.—Another bunch of aspirants for the title of Mud Wallpapers arose in this city yesterday in the persons of the erstwhile Infants, they winning the last game of the series from the Alice

Men on very muddy grounds by the score of 1 to 0.

The game was played in a drizzling rain which at times made it hard for the spectators to watch its progress. The lonesome run was made by the visitors on an error by Duggan, who, in making it, lost a game which might otherwise have been drawn out over extra innings. It is thought that the troubles in the Alice camp have been amicably settled and that no further rumpus or disagreements will be raised. Pfeifferle was to be found in Cooper's position at short yesterday and he played wonderful ball.

"Rube" Whitley, after spending several days in the city negotiating with the local management, returned home Wednesday. It is thought that Rube will see the wisdom of accepting the latest offer of the local management and in case he does he will join the Alices on their away-from-home series.—Vincennes Commercial.

Vincennes has signed a new short stop named Pfeifferle. His handle indicates he might have purloined a Russian alphabet.—Princeton Democrat.

Princeton and Vincennes play a double header today at Princeton.

From indications Hippert, of the Cairo team, will push hitters in the Kitty league for honors with the paddle. He hardly ever misses getting a hit or two in a game, and always hits when needed and has won more games for the Mud Wallpapers than any other member of the team. He plays third sack and is fast on his feet, too.

Manager Charles Dexter, of the

Louisville American Association team, became disgusted with Louisville's inability to play ball, asked for his unconditional release, and it was granted. He has not yet signed with any club. Dexter is well known in Paducah, having played with Evansville in the Central league when Paducah was a member in 1897.

KENTUCKY BOY

A 10,000 Mile Wager-Walker Killed By His Own Pistol.

New Orleans, July 7.—F. Evans, the Kentucky boy of Buena Vista, Ky., who left Cleveland last May with the intention of making 10,000 miles for a wager of \$15,000, was accidentally killed about twenty-five miles from Vicksburg, Miss. The revolver which Evans always carried in the wheelbarrow which he was required by the terms of the wager to push the entire distance fell out and was exploded as he was passing over a rough piece of road. The bullet struck Evans in the abdomen. The young man was able to reach a farmhouse a short distance away, but before medical assistance could be secured he died.

A pathetic feature of the affair was that he was almost through with his long tramp, and if he had lived another week he would have married a girl in Los Angeles, whom he met in his travels.

Evans is known in almost every city in the country, and his wheelbarrow and white bull terrier have become a familiar sight. The body will be sent to his old home in Kentucky for burial.

CAN WE GET BONNO?

Reported the Crack Twirler Really Belongs to Paducah.

The Cairo Bulletin prints the following: "Something has already developed in the 'Count' Bonno case. From what has been learned, he was, after this purchase price was completed by Newark, N. J., sold to Norwich, Conn., by which team he was later released. In that case he reverts to Paducah this season and next and it is likely that they will lay claim to him before many days have elapsed."

The matter is being looked into by the local management, but no announcement is made relative to what will be done. It is stated that Bonno wants to remain at Vincennes and wants to pitch all three games against Paducah when they come here.

Law Didn't Fit the Case.

Curt Grundy and Charles Buckner, colored, who were arrested for "jumping on and off a moving train" were this morning released and given hours to leave town. This was one peculiar case in which the court had no jurisdiction. The boys boarded a train at Louisville while it was standing still, stole a ride and got off in Paducah while it was standing still, making it impossible to fine them for jumping on or off the train. They wanted to get out of town and were given hours to leave the city.

Plumbers Notice.

Bids will be received on the 15th of July by Dr. Harry Williamson for furnishing and setting heating plant and toilets at McKinley school house. Plans can be seen at office of Supt. Leib, High School.

NO CHANGE

Is Contemplated in the Kitty League
Umpires, Says Pres. Brown.

President Charles Brown, of the
K. I. T. league, said today that the
reports that Umpire F. C. Keifer
had quit the league and that Umpire
Ned Zinkins would be "fired" are
without foundation.

Keifer is now in Springfield, O.,
and will report for duty July 15th.
Zinkins is one of the best umpires
in the south, although along with
the other umpires he has his troubles.
President Brown learned today to
his surprise that an umpire named

Gonigan, or something similar, has
been umpiring in the Kitty league
in place of Bush. President Brown
asked the latter to fill Keifer's place
until Keifer returned, but learned
today that Bush had never reported
and the other man was run in. It is
supposed by the league officials at
Cairo.

In regard to the Cairo Bulletin's
claim that Bonno may belong to Pa-
ducah, President Brown is of the
opinion that there is nothing to it.
When a player is drafted and paid
for, he becomes the property of the
club that bought him, and may be
disposed of or released, in the latter
case being free to go where he wants
to, according to President Brown.

Daily Thought.

Our whole life is an education; we are ever learning; every moment of time, everywhere under all circumstances, something is being added to the stock of our previous attainments.—Paxton Hood.

MAYOR-DUNNE 'FESSES UP.

Mayor Dunne, of Chicago, who made the race for mayor on a municipal-ownership-of-street-cars issue now admits the impracticability of his ideas, at least to the extent he first proposed to carry them out. Great things were promised by Mayor Dunne and those who supported him, but practically nothing has been accomplished by them.

The first blow they received was when Mr. James Dalrymple, of Glasgow, Scotland, came over to the United States and gave it as his opinion after making a careful investigation into conditions here, that municipal ownership could never be a success as long as we have politics—in fact, he did not think that municipal ownership could ever be a success in a republic.

Mayor Dunne then sent for Mayor Tom Johnson, of Cleveland, Ohio, but what Mayor Johnson said no one has learned.

The following dispatch, however, published in all the big dailies yesterday, tells the story of Mayor Dunne's awakening:

Chicago, July 5.—Mayor Edward F. Dunne told the city council tonight his plans for municipal ownership of traction properties. It is not municipal ownership absolutely but, as the mayor explained, the nearest thing possible under existing conditions, and he asked the aldermen to consider it carefully. Absolute municipal ownership and operation, the mayor said, he does not consider practicable just now.

The plan which the mayor offered provides for the incorporation of a company, managed by five men who command the confidence of the people of Chicago. To this company is to be granted a twenty-year franchise covering the streets in which the rights of the old companies already have expired or will soon expire.

It will be stocked to the amount necessary to establish a street car system in these streets, roughly estimated at two hundred and forty miles. No bonds are to be sold.

The stock is to be deposited with a trust company, which the five directors are to select, so as to prevent a purchase of it and consequent control by outside interests.

The stock is to be sold at popular subscription.

At any time the city may select it can take over the property on an appraised valuation.

The people of Smithland seem to be anxious for that interurban railway, but no one appears to be willing to do the necessary work to start it. Paducah would be greatly benefited by such a road, and it would not be a bad idea, apparently at

least, for someone here to give the matter some attention. The Smithland Democrat of yesterday says: "The Louisville and Paducah papers are discussing the feasibility of an electric car line from Smithland to Paducah. We long to see the day when these two cities will be connected by an electric line, and when a better way will be afforded for travel from one place to the other, than we now enjoy. The silly notion that some of our business men have, that such an enterprise would hurt their business, is simply ridiculous. If they don't keep what people want, and sell at prices to suit the public, people will go elsewhere to trade, if they have to walk. Let us have the electric line to Paducah."

"On last Sunday a lot of bright, intelligent looking young men from the country met here in town and had on tap a keg or case of beer and spent the forenoon in debauching themselves. Young men, you do not realize where this is leading you, or you would stop right now. *** There are two or three beer and whiskey depots in town, where kegs and cases are deposited. When a shipment is received, you can see the toppers begin to gather like buzzards round a dead horse."—Benton Tribune. N. B.—Benton is one of those towns that "voted out whiskey."

It is indeed a pity that Paducah cannot do anything without flushing a covey of lawsuits, but it seems to be the case. If injunctions and such things are brought to stop the proposed street improvement, contracts for which have just been let, there is no telling when the work will ever be done. This law business should be attended to before hand.

The Russian pirates are well supplied with money, having \$375,000, but they have no place to spend it, and evidently from their actions, no inclination to spend it. They seem to get what they want without money and without price.

The state machine is promising to do all sorts of things to Col. Urey Woodson if he becomes too obstreperous,—and he's the democratic national committeeman from Kentucky, too.

Mrs. Nation may not be as good an attraction as she used to be, but she seems to have lost none of her power to start a rough house.

MUST NOW GO.

Requisition Honored for Rudy Hale, in Jail in Paducah.

Rudy Hale, colored, arrested several days ago as a fugitive from justice from Illinois, will doubtless soon have to return to Illinois. He was willing after his arrest to return to Illinois without a requisition, but his father showed up and prevented his going, demanding a requisition as the boy was not of age.

Hale was remanded to jail, and the following dispatch tells the rest: Springfield, Ill., July 6.—Governor Deneen issued a requisition on the governor of Kentucky today for the return to Mound City, Pulaski county, of Rudy Hale, who is under arrest in Paducah, and who is wanted at Mound City on the charge of stealing a watch and money to the amount of \$80 from Edward Byers on June 16.

DIVIDED PROPERTY

And Now Charles Montgomery and Wife Will Live Apart.

Constable A. C. Shelton was this morning called upon to make a division of the personal effects of Charles Montgomery and his wife, Edolia Montgomery, who have agreed to separate permanently—this the result of a fight several weeks ago.

The couple got into a controversy which ended in a fight, the husband administering a very severe thrashing. The woman swore out a warrant and Montgomery was fined \$20 and costs.

County Judge Lightfoot was visited and the matter laid before him. He appointed Constable Shelton to divide the personal effects, which was done.

WILL PAY OUT.

Bruce Gillam Has No Desire to Serve Out His Fine.

Bruce Gillam, who will either have to pay the city \$348 or remain in the city prison for that many days, states that he prefers the pay-out plan and will this afternoon raise funds and secure his release.

Bruce had been under a peace bond, being recognized in the sum of \$300, for his good behavior, and Wednesday broke his compact and the recognizance was forfeited. Bruce's little digressions often prove costly, but this jag—a \$348 beauty,—is the most expensive one he ever had.

FIVE ARE DEAD.

Four More Seriously Wounded in Mine Explosion.

Uniontown, Pa., July 7.—As a result of an explosion at the shaft of the Taylor Coal and Coke company at Searight, Pa., six miles west of here, five men were killed and four injured, one fatally. Two of the dead were negroes and the others were foreigners. The men were working about 25 feet below the surface when the explosion occurred. Mine Inspector Roby is unable to state whether it was due to mine gas or the small tank of gasoline that was located at the head of the shaft, where the men were at work.

Other reports are to the effect that the accident was caused by a premature discharge of dynamite.

Last of Institute.

The county teachers met again today. Rev. Cave conducted the devotional exercises.

Roll call showed full attendance. Habit and Will was the theme for discussion led by W. T. Lawrence, followed by Miss Lannie Knott and others.

The "Tobacco Habit" was given a very lively discussion. Many differences of opinion was expressed in regard to the teacher's power to prohibit it.

The week's work will end at 3:45 this afternoon and the teachers go to their homes in different parts of the county.

Supt. Leib invited the county teachers to attend the city normal.

The colored institute also held a very interesting session this morning.

Fined Him Too Much.

Louis Hill, who hammered Harve Clemens, a few nights ago, at an ice cream supper at Mr. Asa Clark's was tried before a jury in County Judge Evans' court last Saturday, and was fined one cent and the cost, and the general opinion of those who heard the trial is, that he should have been acquitted.—Smithland Democrat.

Tobacco Report.

Tobacco Inspector Miller's weekly report is as follows:

Receipts week, 289 hogsheds; receipts year, 4,287 hogsheds; offerings week, 335 hogsheds; offerings year, 3,655 hogsheds; rejections week, 62 hogsheds; private sales week, 1 hogshed; sales week, 274 hogsheds; sales year, 3,683 hogsheds.

To Appeal Case.

Judge Sanders, of the police court, is making a transcript of the record in the cow ordinance prosecutions in order that the city's attorneys may appeal the case.

Joe Woodward, who had been employed as a farm hand has been warranted before Judge D. L. Sanders for mule stealing. Mr. Horace Mankin, of the county, being the complainant. Mr. Mankin claims that a mule was stolen from him two or three days ago, and he found it here in possession of Messrs. Ed. and Fletcher Terrell, who had purchased it from Woodward for \$50. Woodward claiming it was his own property. A writ of delivery was taken out in Justice Young's court and the mule recovered by Mr. Mankin. Woodward has not been found.

Government Inspector.

Mr. S. A. Susong, secret service agent, and postoffice inspector, is again in the city in connection with the work the government has in this section. Mr. Susong is one of the most valued men in the department, and usually gets what he goes out after. He is now working, among other things, on the Home Purchasing case.

Police Court.

Levi Ruff, colored, was this morning held over in police court to the grand jury in a felony case, the defendant waiving examination. Ruff is about 18 years old and is alleged to have entered the residence of Willie Travis, colored, and stolen \$4 in bills and silver. The judge asked Ruff what he had to say about the charge.

"Well, Judge," Ruff slowly drawled, seeming not to understand exactly what the court meant. "I jes went in and took it."

Judge Sanders appointed Attorney D. A. Cross to attend to the boy's case and after a brief conference the boy waived examination.

John Haynes, colored, charged with maliciously striking at Sallie Dinwiddie and cutting at Maggie Biles, was granted a continuance and recognized.

Other cases were: Robert Torian Harry Cunningham and Robert Boswell, breach of ordinance, left open; Jack Coulson, breach of ordinance, left open; Harry Baldwin, breach of ordinance, \$5 and costs; Charles McCarty, white, drunkenness, \$1 and costs; George Bernhard, breach of ordinance, three cases, dismissed.

Schedule of Assets and Liabilities.

A schedule of liabilities of H. B. Grace, the cigar dealer who assigned two days ago, was filed this morning in county court.

The list of creditors is short, but the total debts amount to \$2,237.02. There are few Paducah creditors and are Covington Bros., \$6; Paducah Railway Co., \$10.99; Brown & Shelton, \$37.10; City National Bank, \$50; M. Livingston & Co., \$110.71; J. R. Smith & Son, \$3.80; T. Fisher, his former partner, \$850.

The remaining creditors are out of town firms who sold cigars and tobacco to the assignee.

The schedule of the assets of Mr. Grace was filed this afternoon. The total assets of the assignee amount to \$1,521.01.

County Court.

The liquor license of Newt Dixon was transferred to Hays & Co., at 1736 Trimble street.

Suits Filed Today.

Two suits were filed in circuit court this morning. They are:

Pauline against Elbert Sargent, for divorce on the grounds of abandonment. She asks for the restoration of her maiden name, Pauline Iverlett.

J. L. Putnam filed suit against Ida Putnam, his wife, for divorce on the grounds of drunkenness and the association with lewd women.

The Bordeaux Warrant Issued.

Justice Jesse Young has issued a warrant for J. S. Bordeaux for embezzlement, the warrant being the result of an investigation by Commonwealth Attorney John G. Lovett, who claims that Bordeaux took \$500 of the Home Purchasing Co.'s funds, and placed it as bond for his appearance in police court, forfeiting the bond by skipping out.

Justice Young will transfer the warrant to police court, it is said, in order to enlist the services of the police in effecting the arrest of Bordeaux who has skipped out.

\$125 RAISED

For the Proposed State Normal School.

County School Superintendent A. M. Ragsdale this morning received a telegram from the superintendent of the Warren county schools saying that a total of \$125 had been raised for the purpose of pushing the state normal school project which was worked up at the state educational association meeting at Mammoth Cave a few weeks ago.

The object of the teachers is to establish a state normal school in the eastern, central and western portions of the state, and each county representation pledged itself to aid in securing funds to push the project.

Committees were appointed for each district and the committee for McCracken county is composed of Attorney John K. Hendrick, city; Supt. A. B. McCameron, of Mayfield, and Judge C. Dean. The committee has done little towards working up funds in this section but will begin work shortly.

It is not expected that as much as \$100 will be raised, but the teachers will combine with the committee-men and do all they can to collect subscriptions.

Library Board Met.

The Carnegie library board met last night but transacted little business. The bills, accounts, etc., held up were allowed and the matter of using a lot of stone not used in building the library for the erection of a three foot fence about the south and west sides of the yard was brought up. The board members seemed to like this idea and will act on the question at the next meeting. The smooth side of the stone will be placed next to the pavement and a coating of lime spread on it.

EVITTS' CHARGES TO BE TRIED JULY 14

The Aldermen Sworn at Last Night's Meeting.

Committee of Councilmen Appointed to Prosecute the Case Before Aldermanic Board.

THE CHARGES GIVEN IN FULL.

The board of aldermen will try the charges preferred against City Jailor Thomas J. Evitts the evening of Friday, July 14th, at the city hall, the hearing to be public. In accordance with the usual custom, a committee of councilmen was appointed to prosecute the charges, those selected being Councilmen George Ingram, John Rehkopf and R. S. Barnett.

The six aldermen present last night, Messrs. Bell and Kraus being absent, were sworn before any order was made in the case, a special oath being administered to fairly and impartially hear the evidence and render a verdict in accordance with the evidence.

Jailor Evitts was present and said that he was ready for trial at any time, but the trial was set a week ahead. The charges in full are:

Mayor's Office, Paducah, Ky., July 5th, 1905.—To the Honorable Board of Aldermen, City of Paducah:

Gentlemen: Under and by virtue of the authority vested in me under Section 3201 of the charter of this city, and because of the duties imposed upon me as mayor of this city, it becomes my duty to prefer the following charges against Thos. J. Evitts, jailor of the city of Paducah:

Whereas On the 11th day of November, 1903, Thos. J. Evitts was duly and regularly elected city jailor for the city of Paducah, Kentucky, and, Whereas, on the 14th day of January, 1904, he was regularly and duly installed into said office, after having executed the bond required by law, and after having had administered to him and he having taken the following oath of office:

"I, Thos. J. Evitts, do solemnly swear (or affirm, as the case may be) that I will support the constitution of the United States, and be faithful and true to the commonwealth of Kentucky, so long as I continue a citizen thereof, and that I will faithfully execute, to the best of my ability, the office of jailor of the city of Paducah according to law; and I do solemnly swear (or affirm) that since the adoption of the present constitution, I, being a citizen of this state, have not fought a duel with deadly weapons within the state, nor out of it, with a citizen of this state; nor have I sent or accepted a challenge to fight a duel with deadly weapons with a citizen of this state; nor have I acted or assisted any person thus offending, so help me God."

And the said Thos. J. Evitts was, on the 23rd day of June, 1905, the duly elected, qualified and acting jailor of the city of Paducah, and I am advised, and therefore charge, that on said date the said Thos. J. Evitts was guilty of the following offenses unbecoming an officer and a gentleman, and against the peace and dignity of the commonwealth of Kentucky:

First—That disregarding the oath of office he had taken, and in contempt of the ordinances and law governing the city of Paducah, the said Thos. J. Evitts did, on the 23rd day of June, 1905, consort with, aid and abet prostitutes, lewd and vicious women in being present in a saloon in the said city of Paducah; and the said Evitts did, on said date, and in a saloon, drink with said lewd and vicious women, spirituous, vinous and male liquors, in open, notorious and contemptuous violation of an ordinance of the said city of Paducah prohibiting prosti-

tutes from entering saloons in said city. The said Thos. J. Evitts, by so doing, brought reproach and shame upon the municipal government of said city, and its officers, and upon all law-abiding, good citizens of this city.

Second.—I further charge that the said Thos. J. Evitts, jailor of the city of Paducah, in further violation of his oath of office, was, on the 23rd day of June, 1905, in violation of the laws of the commonwealth of Kentucky, and against the peace and good order of the city of Paducah, guilty of the offense of drunk and disorderly conduct on the public streets of said city, and the said Evitts did, on said date, flourish and draw a deadly weapon, to-wit: A pistol, which said pistol he drew and presented on one Samuel Howell, a resident of the city of Paducah, and threatened the said Howell to do him great bodily harm.

Third.—I further charge that the said Thos. J. Evitts, city jailor, as aforesaid, did, on the 23rd day of June, 1905, in the said city of Paducah, commit a felony in the following form and manner: The said Thos. J. Evitts did counsel, assist, aid and abet one Sam Beadles, to unlawfully, wilfully and maliciously strike, beat and bruise Samuel Beadles, with a wooden club, the same being a deadly weapon, and commonly known as a policeman's belt, with the intention then and there being in the said Thos. J. Evitts and Sam Beadles to kill the said Sam Beadles, but of which striking, bruising and beating and wounding the said Sam Beadles did not die, the said Sam Beadles then and there being a police officer in the city of Paducah, in the discharge of his duties as such.

All of this conduct being in violation of law and prejudicial to the efficient service of the municipal government in the execution of law and in the preservation of peace and good order in this community. I, therefore, request and direct that this honorable board, sitting as a court under oath, or affirmation, proceed at once to an investigation and trial of these charges against the said Thos. J. Evitts, jailor of the city of Paducah, and to take such action in the premises as to your honorable body, sitting as a court, may deem wise and proper.

All of which is respectfully submitted.

D. A. YEISER, Mayor.
Sam Beadles, being first duly sworn on his oath, says he has read the above and foregoing charges and that the same are true to the best of his knowledge and belief.

SAM BEADLES,
Subscribed and sworn to before me, this 6th day of July, 1905.
